CLARITY.

HE WINS OVER WARFIELD IN THE GRANGE AND LABOR CONVENTION TO-DAY

Over 500 Delegates Participate in a Harmonious Convention—Dr. Clardy Wins

From Hopkinsville, Ky., Nov. 1, Monday

Pursuant to the agreement between Dr. J. D. Clardy and Squire W. E. Warfield to submit their respective claims to Christians seated in the Constitutional Convention to the members of the Grange and Farmers' and Laborers' Union, a convention composed of the several organizations, met in the Circuit Court room to-day. Every member of either organization in good standing was entitled to a voice and a vote in the deliberations and proceedings of the Convention.

At an early hour this morning, delegates from every Grange and every Union in Christian county began to pour into the city, wearing the badges of their order.

The Convention was announced to meet at 2 p. m., but long before that hour the square in front of the Court House was literally crowded with farmers and the steps leading up to the Circuit Court room was jammed with citizens seeking entrance. Every man who passed the room was required to give the password and consequently the vast stream filed slowly past the doorkeeper.

Before 2 o'clock every foot of available space, not occupying the gallery, was crowded, and just by way of parenthesis it may be remarked that a more intelligent and representative body of agriculturists have never assembled in any building.

At 2 o'clock Mr. T. L. Graham called the Convention to order and asked that the meeting be quiet and orderly throughout.

He stated that himself and Squire Stevenson had been asked by the contestants to devise some means of adjusting their differences, and deciding who should make the race. He then announced the plan for taking the vote, which was to close every avenue of entrance to the room, to throw open the rear door, and allow the voters to pass through and call to the clerks the name of their choice. Messrs. T. L. Moss, Henry Brown, J. F. Garrett and John Browning were selected to act in the capacity of clerks.

At 2:30 o'clock the vast audience began to file through the doors, and it was nearly an hour before when the last man had made his exit. The Clerks then compared their books and announced the result as follows:

Clardy.....392  
Warfield.....392  
Total.....784

After passing from the rear doors the citizens had reassembled in front of the Court house, and there discussed the means and manner of the result of the vote. Wild cheer went up when it was announced from the balcony that Clardy had won, and when it was announced from the balcony that he would address the voters in the Court house there was another rush, and the Circuit Court room was soon filled again.

Dr. Clardy made a highly creditable speech, thanking his friends for their warm support.

This is one of the most important elections in the history of Kentucky, and the gentlemen who conducted it are entitled to no little credit. It was harmonious throughout, in spite of the fact that the supporters of each candidate were in the advocacy of their respective claims. It has proved a fair solution of what promised to be a very vexing question in our county politics, and now that it is settled let every one accept the result gracefully.

THE EFFECT ON SAVINGS.

The cost of living for the wage earner was less in 1891, after 30 years of Protection, than at any period in our history since 1850.

There was an increase in the cost of living from 1850 to 1860 of three per cent. The necessities for comfortable living then were a wage earner 97 cents in 1860, 100 cents in 1860, 107 cents (War prices) in 1860, and 94 cents in 1891.

These estimates include everything needed for use by the well-to-do American family.

The weekly earnings and weekly cost of living from 1850 to 1891 were:

Earnings Living

1850.....\$1.00 \$1.00

1860.....1.07 1.07

1870.....1.17 1.17

1880.....1.27 1.27

1890.....1.37 1.37

1891.....1.47 1.47

Which policy was best for the wage earner?—American Economist.

Paton Rouge, La., was named from the fact that for many years after the town was established a gigantic cypress, the bark of which was red, grew on the site. The name means red creek and was bestowed by the French.
